

# ADAMHS BOARD CONTRACTED AGENCIES

The following is a comprehensive alphabetical listing of agencies under contract with the ADAMHS Board to provide specific alcohol and other drug and/or mental health services. These agencies may also provide additional services that the ADAMHS Board does not fund. Each listing includes the agency name, the address of its main administrative office, the main telephone number, website (where applicable) and a general description of services offered (both ADAMHS Board contracted services and other services).

To easily identify services, please refer to the following key:

-  ..... **Alcohol and/or Other Drug (AoD) Prevention Agency**
-  ..... **AoD Treatment Agency**
-  ..... **Mental Health (MH) Treatment Agency**
- ..... **All agencies listed are Non-Medicaid only**

The ADAMHS Board provides funding to agencies and Self Help & Peer Empowerment (SHAPE) organizations to deliver client-operated services and self-help/peer support services to persons living with mental illness and addiction in Cuyahoga County. These services supplement traditional mental health services and help those living with a mental illness or addiction live full and productive lives in the community, as well as promote recovery and employment. The SHAPE programs are incorporated alphabetically in the listing below.

-  ..... **MH Consumer Support Agency (SHAPE)**

Many of the agencies listed here may be accessed only through a specific referral process, particularly agencies providing children's services. Also, under current Ohio law, minors 14 years of age or older who do not present a danger to themselves or others may receive time-limited community mental health services, excluding medication, without parent/guardian consent or knowledge. If you have any questions about an agency or its services, please call the phone number that is listed next to that agency's name.

The ADAMHS Board does not provide direct services but contracts with more than 60 agencies to deliver mental health and addiction treatment and prevention services to people not covered by Medicaid, as well as support services to Medicaid recipients that are not covered by Medicaid. The list of agencies that follows includes Non-Medicaid funded agencies only. For information on Medicaid providers, call the Ohio Medicaid Consumer Hotline at 1-800-324-8680 or visit [medicaid.ohio.gov](http://medicaid.ohio.gov).

The Achievement Centers for Children offers a wide array of interdisciplinary services for children from the youngest age (prenatal) through adulthood and their families. Our experienced clinical social workers (mostly LISW-S's) provide home-based treatment through our Early Childhood Mental Health program for children, birth through age five, who are experiencing social, emotional and/or behavioral challenges. This program is free of charge to families. Our center-based Behavioral Health program serves school-aged children and young adults who have a "dual diagnosis" - a physical, medical and/or developmental disability in addition to a mental health concern. For this program, we accept both Medicaid and commercial insurance. Both programs partner closely with families.

The mission of the Achievement Centers for Children is to enable and empower children with disabilities and their families to grow, learn, play and prepare for lifelong achievement in society. Our unique, comprehensive service model weaves together therapy, education and autism services, recreation, and family support services to meet the needs of the entire family. On site, in addition to behavioral health counseling, the Achievement Centers provides an inclusive childcare, physical, occupational and speech therapies, an autism program for children from preschool through eighth grade, and adapted aquatics. In the community, in addition to our Early Childhood Mental Health services, the Achievement Centers provides technical assistance to community childcare centers, Help Me Grow home visitors and adapted sports. Camp Cheerful in Strongsville offers day and residential camps, the River Rock Adult Day Program, therapeutic horsemanship and a fully-accessible high ropes course.

EDEN, Inc. provides, operates, and advocates for safe, decent, affordable housing and support services for persons living with disabilities or special needs, who have low incomes and may be experiencing homelessness.

Starting with one residential care facility in Cleveland Heights in 1991, EDEN has grown exponentially over the past 23 years. EDEN now owns and operates approximately 80 properties in Cuyahoga County, manages and owns eight permanent supportive housing buildings, and administers eight affordable housing programs throughout the county, including one of the largest Shelter Plus Care programs in the United States. Today, EDEN is a nationally recognized housing provider through our scattered site properties, Permanent Supportive Housing buildings and rental voucher programs. While EDEN focuses on such housing activities as development, location, landlord relations, inspection, maintenance, and management, the agency also partners very closely with over dozens of community-based agencies in Cuyahoga County to ensure that tenants obtain the support services they need to improve their health and well-being, and sustain permanent housing. EDEN serves over 3,000 people monthly.

FrontLine Service, formerly Mental Health Services for Homeless Persons (MHS), is a private, nonprofit community behavioral health organization located in Cuyahoga County. FrontLine Service provides mental health and supportive services to over 30,000 adults, children and families annually. Since 1988, the agency has reached out to engage homeless individuals with severe mental illness. FrontLine operates the largest and most comprehensive continuum of care for homeless persons in Ohio. Programs include street outreach, emergency shelter, behavioral healthcare and transitional and permanent housing. FrontLine also provides Crisis and Trauma services. For individuals contemplating suicide or in mental health crisis, FrontLine is available 24/7 with a crisis hotline, as well as online chat and texting services, mobile crisis teams, and a crisis stabilization unit. FrontLine Trauma services are innovative programs to respond to adults and children who have been impacted by violence or sudden death. FrontLine's mission statement is "Reaching out to adults and children in Northeast Ohio to end homelessness, prevent suicide, resolve behavioral health crises and overcome trauma."

Future Directions is a *consumer-operated* drop-in center that uses a non-profit craft business to introduce consumers into a social and work environment. Future Directions is available, without charge, to anyone who is currently receiving mental health services or has received any type of mental health service in the past. One does not have to do crafts to be a member. Participation in this group includes making raw materials into sellable items by working on craft projects. Consumers learn basic work skills while interacting in a peer group. Self-confidence is built through interaction with the public by selling finished projects at area craft shows. Peers help each other using simple tools to make an entire craft project. Setting up, running, and tearing down craft shows improves organization and planning skills. Through interaction with other members, social skills improve. Future Directions also sponsors field trips, hosts parties, and provides entertainment for all members. The friendly atmosphere lends to relaxation and enjoyment no matter what activities one might prefer.

Magnolia Clubhouse, a center of psychiatric rehabilitation for people living with mental illness, is part of an international evidence based best practice, recognized by SAMHSA. The Clubhouse community supports employment, education and health and wellness. Magnolia Clubhouse also offers integrated psychiatric and primary care services through its Carriage House Clinic.

Magnolia Clubhouse has been a psychosocial, *consumer-driven* rehabilitation center for people living with mental illness in Cleveland, since 1961. Members work in partnership with Clubhouse staff to determine and conduct the work of the Clubhouse, as well as their own recovery. A key feature of the Clubhouse is Supported Employment, both Transitional and Independent. Transitional Employment is part-time paid positions in the community that the Clubhouse develops and supports. The work of the Clubhouse includes producing a daily lunch, a weekly, monthly and quarterly newsletter, and a daily in-house televised news show. The Clubhouse operates a snack shop, video lab, art studio and Bloomin', a resale shop and art gallery open to the public. A Clubhouse is holistic, empowering, and based on the idea that work and relationships within a community are healing. A Clubhouse community creates and supports opportunities for friendship, belonging and hope, and works to ensure all the needs of its membership are met. Magnolia Clubhouse is the only certified Clubhouse in the state of Ohio, and is providing guidance to those interested in developing more Clubhouses across the state. The agency also operates the Carriage House Clinic, which provides psychiatric services for Clubhouse members.

A local affiliate of the National Alliance on Mental Illness, a non-profit organization, NAMI Greater Cleveland is dedicated to empowering persons affected by mental illness and their family members to achieve a better quality of life by providing them with mutual support, practical information, referral, advocacy, and educational resources. The mission is accomplished through support groups, a helpline, education courses, and advocacy activities.

**Family and Peer Support Groups:** Support groups facilitated by trained volunteers for both family members and persons with mental illness (peers) operate throughout Cuyahoga County. Support groups range from general Family Support to Bipolar and Depression Peer Support, Women's Empowerment Support, and a Latino Support Group (in Spanish).

**Family and Peer Education Courses:** Structured courses with information about mental illness and coping strategies are offered at no cost to family member and peer participants. Trained volunteers provide class facilitation at various locations in the county.

**Community Education and Outreach:** Through community education and awareness programs, NAMI GC assists the professional community and general public in understanding issues related to diagnosis, treatment, and recovery. A core element of our mission is education to reduce stigma surrounding mental illness.

**Multicultural Outreach Program:** Promotes overall mental health wellness among minority populations through community outreach, information and referral, education, and support that are culturally specific and empower minorities to access services and seek mutual support. The program also provides education on mental health disparities on a variety of community organizations.

OhioGuidestone is a community solutions organization. We offer a unique blend of behavioral health treatment services, skill building programs and prevention opportunities for children and families. At OhioGuidestone, many of our clients struggle with a lack of education and life skills, and don't know how to access personal or community resources to help them improve their situations. We not only help resolve problems that already exist, but teach skills to help individuals become self-sufficient, and prevent future obstacles to success. Our services help individuals not only to survive, but thrive.

ORCA House, Inc., one of the oldest African American alcohol and other drug treatment agencies in the country, prescribes to the philosophy that chemical dependency is a progressive, treatable disease that negatively impacts the entire family. ORCA House takes a holistic, integrated approach to services delivery and actively involves the whole family in the recovery process. Cognitive interventions and chemical dependency education are the cornerstones of treatment. ORCA House services are abstinence-based and focus on the 12-step model of recovery. ORCA House provides Non-Medicaid community residential treatment and outpatient treatment services.
